Set graphic up at 300 dpi ¼ size. **Do not bleed at edges.** Use all RGB or CMYK do not mix.

Each panel is 674mm x 2225mm high. Set as one large page. Page size will be 2696mm x 2225mm all divided by 4 = 674mm x 556.25mm the .25mm is important do not round down.

Please try to avoid panel splits going through text. It is OK between letters but actually through a letter makes it difficult to line up if on unequal ground. Not so bad if large letters.

Please flatten and embed all fonts or convert to paths if supplying Hi Res PDF . Please do not bleed or use crop or registration marks

Artwork size for graphic wrap for podium is 430 wide x 185 high (Actual size when printed 1720 x 740 high)
