### Xpress 3 x 3 curved popup

Panel sizes: front curved: 2225 (h) x 673 (w) rear curved: 2225 (h) x 810 (w) 'D' end curved: 2225 (h) x 673 (w)

Single sided system requires 18 magbars, 3 front curved & 2 'D' end hangers  
Double sided system requires 24 magbars, 3 front curved,  
3 rear curved & 2 'D' end hangers

Set graphic up at 300 dpi ¼ size. **Do not bleed at edges.** Use all RGB or CMYK do not mix.

Each panel is 673mm x 2250mm high. Set as one large page. Page size will be 3365mm x 2225mm all divided by 4 = 841.25mm x 556.25mm the .25mm is important do not round down.

Please try to avoid panel splits going through text. It is OK between letters but actually through a letter makes it difficult to line up if on unequal ground. Not so bad if large letters.

Please embed all fonts or convert to paths if supplying Hi Res PDF
